# EARN WHILE YOU WAIT TO SELL

## Earn Additional Interest on the Equity of Your Own Home!

The METS program is for our clients who are looking to sell their home quickly without all the fuss.

Selling a home on the Real Estate Market takes time and while you wait, why not earn interest on the equity of your own home?

By taking advantage of the METS program, we ensure the sale of your home and provide you the opportunity to earn additional interest on the equity while we prepare your home for the next buyer.

### STEP 1

We provide you an offer that saves you time, and allows you to earn while you wait.

### STEP 2

You earn interest on our offer, while we fix or update and sell your home on the Market.

### STEP 3

Once your home sells, you get paid your principle plus all earned interest.
